

NEW OUTDOOR WATERING GUIDELINES

Beginning June 30th, 2008 all customers connected to JCWSA may use outdoor irrigation systems one day per week between the hours of 12:00 midnight to 10:00am. The day by which you can irrigate is determined by the last digit of your address:

| <u>Addresses ending in the numbers</u> | <u>Irrigation Day</u> |
|--|-----------------------|
| 0 or 1 | Monday |
| 2 or 3 | Tuesday |
| 4 or 5 | Wednesday |
| 6 or 7 | Thursday |
| 8 or 9 | Friday |

Each property owner may also hand water using one garden hose, 25 minutes a day for two additional days, between the hours of 12:00 midnight and 10:00am. Hand watering days are still restricted by the odd/even system. ● If you have an odd numbered address you may hand water any two out of three of the following days: Tuesday Thursday Sunday. ● If you have an even numbered address you may hand water any two out of three of the following days: Monday Wednesday Saturday.

Please note the following:

- Filling of swimming pools is allowed without restrictions on day or time.
- Washing hard surfaces, such as streets, gutters, sidewalks and driveways are still prohibited.
- Washing of vehicles, except at a commercial car wash, is still prohibited.
- Pressure washing of buildings is only allowed by a licensed pressure-washing contractor.

ATTENTION: Because these guidelines are tied to weather patterns, they are subject to become more restrictive at any time during the summer months. Please check the website <http://www.icwsa.com/> often or call JCWSA customer service for the latest outdoor watering and drought information.
